SUMMARY

- I have 1 year of project developement experiences as per my front-end web skills with readable and efficiency of codes.
- a certified front end web developer with strong knowledge of technologies, including HTML, CSS, HTML5, CSS3, BOOTSTRAP, SASS, JAVASCRIPT, & JQUERY.
- i have experience working on real-world projects, which has equipped me with the skills to develop optimal html structures, design visually appealing user interfaces, and implement functional websites using reusable javascript code.

PROJECTS EXPERIENCES

- I have 1 year of project experience as per my front-end skills
- With moder frameworks bootstrap, sass, jquery.
I have developed 4 major project with front-end technology & utilizing my proficient front-end skills, adding significant value
- to developed projects.
I have enhanced the quality of the project by implementing additional functionalities using javascript and jquery, in orderto
- improve the user experience.
I am proficient in utilizing the latest versions of frameworks such as bootstrap for styling and jquery for functionality. Additionally, i have successfully developed numerous projects
- utilizing these technologies.
I possess expertise in utilizing the version control system, git,
- and github.
I have utilized css animations to implement a 3d effect card with a zoom look in size on hover, as well as to create an effect for changing elements upon hovering over a button. Additionally, i have developed a complex navigation system that is compatible with both desktop and mobile devices and has incorporated an animated toggle button using css,
- javascript, and jquery.
I am proficient at collaborating effectively with both Back-End developers and designers.

EDUCATION

- I have done an online Front End Web Development course by a professional web Developer Mr. Prashant Zain from Knowledge Gate (K.G Coding) University!
have also done my graduation (B.A PROGRAMME) from B.B.M university (Dhanbad)
I have completed 12th Standard from Raj+2 Hight School Dhanbad.

SKILLS

HTML, CSS, HTML5, CSS3, BOOTSTRAP, SASS, JAVASCRIPT, JQUERY, PHOTOSHOP

PROJECTS

www.SocialBook.com

Functions : It has click funcations with Form validate, Dark Mode for batter user experiences, profile dropdown, dedicated side section where user can seen online person. And fully responsive for all devices.

www.KumoBuy.com
